# PARISH

The new **Data Protection Act 2018** which is coming into force in May 2018 has created some confusion and surprise at the amount of far reaching work necessary to comply. All businesses including charities and local government must demonstrate that they have put measures in place to protect sensitive personal information to become compliant. To this end the Parish Council has employed the services of LPCAS (Local Council Public Advisory Services) to advise on the many layers of compliance. To guide the Parish Council through the process, Cllr Kevin Lamb has been appointed the Parish Council Lead for Data Protection. The Parish Council is also registered with the ICO (Information Commissioner's Office).

We have all been aware through the news that some organisations have been illegally using sensitive personal information without permission. In view of this the Government have introduced this new Law to protect your rights. There will be much stricter regulations to govern how your data is used, where it is kept, (either on paper or online), how long it is kept, how secure it is, and whether consent has been given. Everyone will have the opportunity and right to challenge how your data is stored and used and change incorrect personal data held. Each organisation must also introduce a strict protocol to manage data breaches and which can incur punitive fines. Several procedures and guidelines have been adopted by the parish council and has published on its website [www.stavertonparishcouncil.org.uk](http://www.stavertonparishcouncil.org.uk) its Privacy Statement on the Protection of Personal Data.

Fortunately for Staverton residents very little personal information is used or kept by the Parish Council as most information is readily available in the public domain.

## **FINANCE**

The Parish Council has been committed to a long period of investment and renewal of play equipment at the playground in School Lane, remodelling of the village hall, replacement and repairs to the sports ground infrastructure and recently a new notice board outside the Staverton Club. The Council will also be replacing the worn out notice board at The Slipway over the next few weeks.

**Precept:** The total Precept levy for 2017/18 was **£22,571.15**. The Parish Council has not increased its levy of £32.94 per Band D property in Staverton for several years.

The opening balance for reserves in April 2017 was **£47,997**, the income received was £35,380 and total expenditure for 2017/18 was £56,766 leaving a closing balance of **£26,611**. This was a movement of -£21,386 over the year. The variance was due to £11,994 being spent on play equipment (part funded with a grant of £9,998 from the Big Lottery Fund) and £11,018 on a remodelled kitchen and patio area at the village hall.

**Assets:** Parish Council assets for the financial year totalled **£266,338** including the village hall, hard court and £65,000 held in Julian Hodge Bank investments.

**Sports Ground:** The Management Agreement between Wiltshire Council, the Primary School and the Parish Council to oversee the maintenance of the sports ground expired in 2017 and a new agreement is being drawn up by Wiltshire Council. The new agreement will include a redrawn map of the field and shared use between the school and the Parish Council. A five year programme of renewal and repairs to the fencing and gates has now concluded. The opening balance for the Maintenance Fund was £77,280.7. Maintenance, insurance, repairs and capital expenditure of £3,280 for the patio totalled £10,496.1. Income from investments (£1,133.5), Top up contributions from the Primary School and the Parish Council (£3,576.7) and a VAT refund from 2016/17 (£1,454.83) totalled £6,165.03. This resulted in a loss for the year of **£4,331.07**.

# MATTERS

**Village Hall:** Hirers of the field and hall have requested improved kitchen facilities with a window hatchway for outside catering and work was completed in November 2017. Running costs were £2,403.74 and hire income was £2,442.50 showing a profit of £38.8.

**Superior Community Fund:** Staverton has received £9,275 to date from Superior (printing) in Melksham. £7,882.66 has been spent so far on community projects over the years. The last project was a cabinet to house the defibrillator at the village hall entrance. The fund now stands at £1,392. Our thanks to Superior for their continuing generosity.

**Audit:** Auditing Solutions Ltd have been appointed as Internal Auditors and PKF Littlejohn have been appointed as External Auditors for 2017/18. Details of the audit will be posted on notice boards very shortly.

Unaudited accounts are now available to view.

**Encroachment by trees and vegetation from Neighbouring Land:** I have been contacted by residents several times over the last few months regarding removal of trees and vegetation on neighbouring land. This is the response from Wiltshire Council and I hope it helps to explain your rights.

TREES

I can advise you that house owners have rights under common law in relation to vegetation encroaching from neighbouring land. Under common law, a land owner has rights to prune back vegetation to the boundary line. This is a mechanism by which a land owner can deal with a 'trespass' caused by the tree. There is no requirement to seek permission from the tree owner to do this.

There are some restrictions to the above that should be noted:

- Any arisings produced must be offered back to the tree owner, if the tree owner doesn't want them, the neighbour should dispose of them responsibly. If the encroachment relates to a council owned tree, any cuttings must be disposed of appropriately; the council does not require nor expect to have these returned.
- The neighbour cannot enter the tree owner's land (this includes climbing in the tree) without permission from the tree owner.
- The neighbour must take into consideration any effects that their pruning would have on the stability of the tree. The neighbour would be liable should their actions destabilise the tree. Therefore it is strongly advised to consult a professional arboriculturist for guidance on how the pruning works will affect the tree.

When exercising these common law rights or undertaking any tree pruning works, you should investigate whether the trees are protected by a Tree Preservation Order (TPO) or lie within a Conservation Area (CA) before commencing.

# WILTSHIRE COUNCIL

## **RUBBISH**

In a previous edition I mentioned that Wiltshire council intended to change the way recyclables were collected. These plans have now been shelved, but the good news is that we will be able to recycle a wider range of plastics.

From **30 July** you can continue to use your **black box for glass, paper, cans and textiles**, but the **blue lidded bin will take plastic pots, tubs and trays and drink and food cartons as well as plastic bottles and cardboard**. The change from the original plan has been caused by Hills Waste failing to get the necessary planning consents. On the subject of rubbish our Staverton spring clean this year was snowed off – the first time in a dozen or so years that we've been stopped by the weather. The autumn clean-up is scheduled for **October 7th**, weather permitting of course.

## **Trees and reed beds**

Wiltshire Wildlife Trust will continue to work on Thestfield Drive over the summer and autumn. We had a slight scare earlier in the year when Wiltshire Council suddenly went all bureaucratic on us. This has now been overcome!

Some of the trees which were planted when the Marina development was laid out have died. Wiltshire council funded the replacement of the ones by the canal behind The Slipway, but won't pay for any more. I have had a quote from Id Verde, the council's contractors, for putting in a further 15 trees to fill some of the gaps. I would be interested to hear from anyone who has an opinion on whether or not we should look to do more tree planting, and if we should, any suggestions on suitable sites.

## **Council finances and planning**

Despite a 6% increase in the Wiltshire Council element of the council tax this year budgets continue to be tight. The nerve agent attack in Salisbury has not helped – although the government has promised to contribute they are unlikely to cover all of the costs.

The council is currently going through the contentious process of allocating land for the next round of housing developments. Permission was recently given for 2,500 houses on the West Ashton side of Trowbridge; there is an application in on land in the Hilperton Gap, and there are further sites likely to be assigned to the Southwick and North Bradley areas.

Of course the problem as far as Staverton is concerned is that all these developments will funnel increasing amounts of traffic onto the **B3105** through the village.

# Thought from the Rectory

In many churches Sunday 6<sup>th</sup> May was celebrated as Rogation Sunday. It is a rather odd name – and years ago something very odd used to happen on it

In many places the Rector, choir, congregation and boys and girls of the village would have found sticks and would have gone for a long walk round the edge of the village. They would have used the sticks to hit the boundary of the parish. This was known as “beating the bounds”. You may well be wondering why they would do this.

This Rogation celebration is based on an ancient Roman Festival in which people went through fields and prayed to their Gods asking them to protect crops. One of these gods, Terminus, was the God of field boundaries.

Later, Christians adopted this festival. As well as beating bounds they used to pray and read the Bible around the parish boundary and ask God to bless the crops. Some villages have trees called names like Gospel Oak to remind them of this.

As Christians, we believe that it is still good to pray for God’s blessing on our growing crops and our farmers who grow them, our schools, our village organisations, for all who live and work in our village and for the world; we do this in our Sunday services and at other times during the week.

Whether we are people of faith or not, it is important that we do not take those who provide our food for granted, nor the many people who work hard to provide the village facilities and organisations that makes this part of Wiltshire a special place in which to live.

Best wishes **John**

## Friendship Group

This group meets on the second Thursday of each month in St Mary’s Church (‘The Tin Church’) in Horse Road, Hilperton from 2.30 – 4.00pm. It is an opportunity to meet with friends old and new for a chat or to play a game over a cup of tea or coffee. If you prefer, bring along your knitting, crochet, embroidery, colouring book or other activity to do whilst you chat. We don’t charge, but welcome donations for the refreshments. Forthcoming dates are 14<sup>th</sup> June, 12<sup>th</sup> July and 9<sup>th</sup> August. More details are available from Anne Rees on 01225 764365 or email [reesfam@btinternet.com](mailto:reesfam@btinternet.com). Contact Anne if you would like a lift.

## Staverton Cygnets

Staverton Cygnets is a baby and toddler group which meets fortnightly on Fridays in term time from 9.15 – 10.45 in Staverton Village Hall, Cygnet Way, Staverton BA14 8UU. Parents and carers can chat over a cup of tea or coffee; there are toys and books for the children to play with; we offer a simple craft activity to make and take home; after a snack for the children, we have a story and singing before going home. If you have a pre-school child or baby, you will be very welcome at our friendly group. It only costs £2 per family! Details of the dates we meet are on the Church website, [www.canalsidebenefice.org.uk](http://www.canalsidebenefice.org.uk) or on the Staverton and Hilperton Toddlers Facebook page. Our last date before the summer break will be July 6<sup>th</sup>, but we will be back in September.

# EMMAUS SCHOOL

The summer term is always the busiest here at Emmaus School, not least with the Year 10 and Year 11 students undertaking their GCSE examinations. At Emmaus, all of our Year 10 pupils sit GCSE RE and this year we have two Year 10s undertaking GCSE PE. The Year 11s, of course, will be sitting the bulk of their exams - English, Mathematics, ICT, Food Nutrition, French - to name a few. Although Emmaus is only a small school, we are able to offer our students a full range of subjects and can provide a programme of study tailored to the individual.

Our Year 11 leavers, plan to go on to sixth form at various schools and colleges in the area, and we trust that they will know the peace of God during this anxious exam period, and pray for them in their chosen fields of study at college. However, we look forward to seeing them again for one last time on the last day of term, when we have a fun-filled day planned for the whole school with games, crafts and a barbeque.

Meanwhile, the classes are busy this term with various activities: a trip to the library for Class 1; an orienteering festival for years 4 and 5; a choir workshop for the over 7s, and a whole school trip to St. Fagan's National Museum of History in Cardiff.

We are also delighted, to have a Dutch student with us at present, on work experience from Hoornbeeck College, and he has been helping in Class 2 with reading, gardening and PE.

During June, the whole school go off timetable during our **CARE** week.

**CARE** is an acronym for;

**C**ompassion (for others)

**A**ccountability (to God and authority)

**R**espect (for ourselves and others)

**E**valuation (making balanced and informed choices)

Our CARE programme is based on the DfE's PSHEE (Personal, Social, Health & Economic Education) curriculum and is an opportunity to enhance our children's rounded education and development. It is during CARE week that we host our Sports Day and Immanuel School in Yate will again be joining us to add to the level of competitiveness!

Finally, the building extension project is still marching forward with much progress made on groundworks and infrastructure tests, whilst grants, donations, sales and sponsorship are slowly helping us to reach our target to commence work. Fundraising is a time-consuming activity, but we are thankful for the progress made so far and hope to commence building works in the not too distant future.

# Fostering

be the difference

Could you care for a  
child in crisis?  
We need short term,  
emergency foster carers.

We need people that can provide a place of safety for children and young people in an emergency situation until appropriate accommodation can be found or the child can return to their family.

Carers are paid a retainer for holding an emergency bed and a generous allowance for looking after a child.

Ongoing support and training is also provided.

**Find out more** about becoming an emergency foster carer. Visit [www.wiltshire.gov.uk](http://www.wiltshire.gov.uk), email [fostering@wiltshire.gov.uk](mailto:fostering@wiltshire.gov.uk) or call **0800 169 6321**

# POETRY CORNER

## Missing You

How I miss those lanes winding through,  
The verdant fields on the way to,  
A place tucked away in a faraway corner,  
A place full of life, a place full of fauna.

How I miss the sight of the butter-gold sky,  
The shimmer of light catching my eye,  
The shadows lengthen as night closes in,  
The shadows so long, the shadows so thin.

How I miss the feel of that soft, gentle breeze,  
As it brushes through the cluster of trees.  
The branches swaying side-to-side,  
The branches so sturdy, the branches so wide.

How I miss the calm of that land of treasure,  
The joy it brought; impossible to measure.  
The memories shall stay in my mind forever,  
Those memories won't fade, those memories won't weather.

## What A Weekend That Was!

Hey, do you remember that weekend we had?  
when the sun shone so brightly, and us Brits all  
went mad?  
After months of grey skies, days so gloomy and dark..  
Rainfall enough to start building an Ark?

When up North, the motorists got stranded by snow..  
with temperatures hovering near minus zero?  
Then it all turned about, and the sun how it shone..  
that weekend in May that seemed to go on and on..

Folks rushed to the beaches, deckchairs on the sand,  
pasty white bodies all wanting a tan..  
Factor 50 came out, as safety comes first..  
but there's always a few that came off the worst..

Kids playing in waves, ice creams getting runny..  
All in holiday mood while it's hot and so sunny..  
We know we are stoic, and quite used to the rain,  
but we all need some sunshine, so long may it remain!

I'm hoping in writing, it just wasn't a blip..  
a few glorious days, and then that was it..  
But long may we recall, in our whimsical way..  
that much needed weekend, in the Spring month of  
May!
